How to Share your COVID-19 Vaccine Information using Smart Health Code

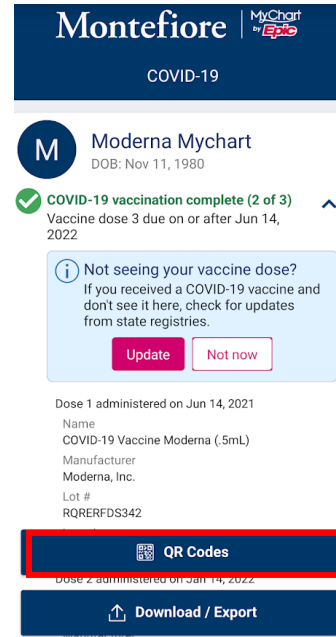

SMART Health Cards are paper or digital versions of your clinical information, such as vaccination history or test results. They allow you to keep a copy of your records on hand and easily share this information with others if you choose. A SMART Health Card has a 2D barcode (QR code) that can be securely scanned by certified 3rd party apps. For more information, click <https://smarthealth.cards/en/faq.html>.

1. Click on “QR Codes”.

MyChart Website

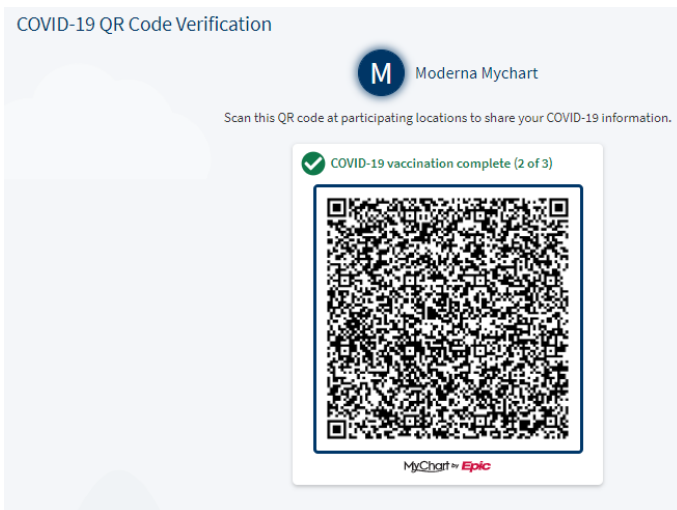

MyChart Mobile App

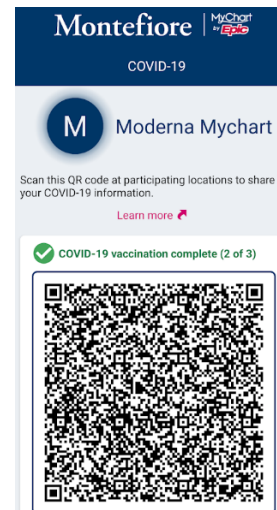

2. QR Codes will generate.

Note: There may be instances when your vaccination details create two QR Codes.

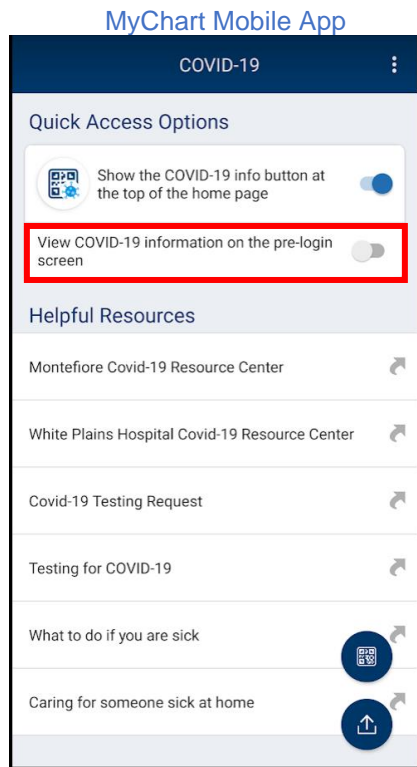

MyChart Website

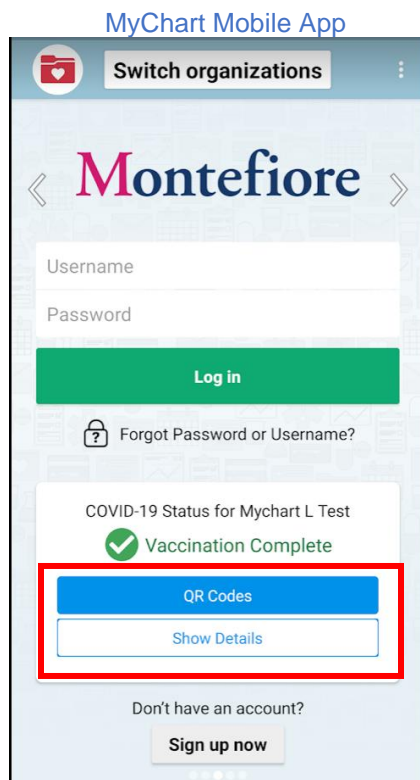

MyChart Mobile App

3. To access your vaccine information available easily and quickly without having to log into the MyChart Mobile app, select the “View COVID-19 information on the pre-login screen” toggle in the MyChart Mobile app.

4. Then you can view your QR code or view the details of the vaccine in plain text on the pre-login screen.

5. If you don't have a mobile device or want a physical copy of your QR code, you can click "Download/Export".

How to Export your COVID-19 Vaccine Information to a Health Wallet app

Health Wallet apps can securely store your clinical information, such as your vaccine history, from various sources. Montefiore MyChart can export your vaccine information to a Health Wallet app, if you have it installed on your mobile device, easily.

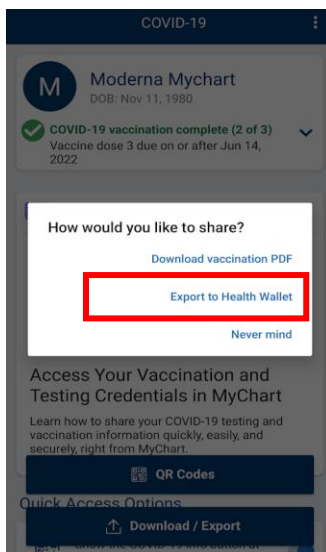

1. Click “Download / Export”.

MyChart Mobile App

2. Then click “Export to Health Wallet”.

MyChart Mobile App

3. Ensure that a Health Wallet app is installed.

[MyChart Mobile App](#)

Ensure that a Health Wallet app is installed

[Learn more](#)

The export will not be successful if there is not a compatible Health Wallet app installed.

What is a Health Wallet?

Health Wallets are apps that allow you to:

-  Store your most recent COVID-19 information in a digital wallet
-  Present your COVID-19 information offline when needed
-  Keep healthcare information from various sources in one app

4. Export to Health Wallet.
